Education

Bachelor of Technology in Computer Science Engineering 2023

Gyan Ganga Institute of Technology and Science, Jabalpur, Madhya Pradesh

Senior Secondary Education 2021 – 2023

Kendriya Vidyalaya Narsinghpur, Madhya Pradesh

Experience

JPMorgan Chase & Co. Quantitative Research November 2025

Virtual Experience Program on Forage

Jabalpur, India . Remote

- Completed a simulation focused on quantitative research methods.
- Analysed loan portfolios and predicted customer default probabilities using quantitative methods.
- Used dynamic programming to convert FICO scores into categorical data to predict defaults.

Projects

Heart Disease Risk Predictor | Python, ML, Streamlit

- Built and deployed a machine learning web app to predict heart-disease risk using clinical inputs.
- Trained a **Random Forest model** with **scikit-learn** and deployed the app on **Streamlit Cloud.**
- Implemented data preprocessing, model evaluation, and a user-friendly UI for real-time predictions.

AI Resume & LinkedIn Optimization Chatbot | Botpress

- Developed an AI chatbot that generates personalized resume summaries and LinkedIn profile improvement tips.
- Designed workflow nodes, user input capture, and LLM-based automated responses.
- Enhanced user experience with structured output for headlines, About section, and optimization suggestions.

Random Number Guessing Game | HTML, CSS & JavaScript

- Built an interactive browser game where the user has to guess a randomly generated number. Used JavaScript to generate a random target and handle user guesses, giving feedback ("Too high / too low / correct") in real time and maintaining a score. The UI was styled with responsive HTML and CSS, and the game was deployed publicly using GitHub Pages.

Certifications

- **Quantitative Research Job Simulation** October, 2025
  - JPMorgan from Forage
- **Python Essentials 1 & 2** November, 2025
  - Cisco
- **C++ Essentials** March, 2025
  - Cisco

Technical Skills

- **Languages :** Python, Java, HTML, CSS, JavaScript, C++
- **Database :** MySQL
- **Tools :** Jupyter Notebook, Git, Streamlit
- **Framework & Libraries :** Pandas, Numpy, Matplotlib, Seaborn, Sk-Learn

Soft Skills

- Efficient AI tool user for research and productivity.
- Solid problem-solving and critical thinking skills.
- Communication
- Team collaboration
- Problem-solving
